

CASE STUDY

COMMERCIAL PROJECT UVP Group

217 kWp Grid
Tied system

➤ About Project

UVP has a production site that runs predominantly during the daytime.

UVP looked for alternative solutions to save on their electricity spend whilst maintaining their long-standing reputation of being a green business in an industrial environment. They chose Trust Solar for this installation.

➤ Testimonials

"Well done guys, the installation process was seamless and did not interrupt our production. Happy to recommend Trust Solar as a reliable partner".

Evan
Owner
