

CASE STUDY

COMMERCIAL PROJECT Milnerton Mall

150 kWp Grid Tied system

About Project

We know that electricity has escalated over the last 10 years and is still rising. This has led Milnerton Mall to consider alternative sources of energy to meet the consumer business demand.

The overall impact of solar energy has provided financial benefits by saving money from day 1.

Testimonials

"Thanks to Trust Solar, we are saving almost 50% on our utility bill. Excellent back up service, highly recommended".

Gail,

Manager
Milnerton Mall
